LIGHTING

CCTV / SURVEILLANCE

NETWORKING

SIRENS & ALARMS

IoT-ENABLED DEVICES

5 KEY BENEFITS OF THE NEW SWIVELPOLE™ F17

01 ECONOMY

Optimised to suit slimmer, lighter and more aerodynamic lights and equipment providing excellent performance at an affordable price.

02 SAFETY & SIMPLICITY

Simple operation using standard tools eliminating additional equipment expenses and dangerous work at heights.

03 ERGONOMICS

Smooth and controlled lowering and raising with reduced weight transfer to the operator. Lower on either side of the body and secure at 15° increments.

04 SECURITY

Optional tamper proof security cover to prevent unauthorised access to equipment.

05 FINISH

Powdercoated colour options available.
